Good day. My name is _____. I am from the Economic Policy Research Centre, at Makerere University. We are conducting a survey in collaboration with the University of Oxford, in the UK. I do not represent the government or any political party. We are studying the views of teachers, parents, and other stakeholders about quality of primary education in Uganda.

Every rural primary school in this district has an equal chance of being included in the study. All the information will be treated in the strictest confidence. This form will not be seen by anyone other than the survey staff. No names of pupils, parents, teachers or schools will be mentioned in any report of the study. No one at this school, in this district, or in the Ministry of Education will be able to link the responses you give to you.

It will be impossible to pick you out from what you say, so please feel free to tell us what you think. This interview will take about 45 minutes. There is no penalty for refusing to participate. Do you wish to proceed? [*Proceed with interview only if answer is positive*].

Interviewer: If a respondent firmly refuses to answer any question, write “refused” in the answer space and continue to the next question.

To the SMC member helping to complete this questionnaire:

We would like to thank you for your co-operation in this study of how to improve children’s performance in UPE primary schools.
